New Advanced Signs: 105, 118, 120

Intermediate students: The jump is not used in the Intermediate class. Replace that with a Novice sign #12, or any other Novice sign that is not a turn or a cone exercise.

Helpful Tips:

105. HALT – Stand – Walk Around – AKC Video: <https://www.youtube.com/watch?v=uWvGV8f52Go>

I can't emphasize enough about halting in heel position after going around your dog before continuing. Please don't move your feet after you Halt, when you reach this sign, unless you are going to help your dog get into the "stand". Go back to "heel position" before continuing. You can do this only in the Intermediate/Advanced class. In the Excellent/Master classes, you may not help your dog.

118. HALT – Leave 2 Steps – Call to Heel – Forward – AKC Video: <https://www.youtube.com/watch?v=zmHnOhAUgYQ>

The most difficult part of this for the handler is to "pause". After pausing, heel forward as you ask your dog to "heel" catching up with you. The most difficult part of this for your dog is for your dog to "stay" as you take 2 steps forward and pause. Because this is so difficult for your dog, you should often go back to reward your dog for staying when first learning this. Then do this randomly afterwards so your dog learns NOT to anticipate.

120. Left Turn - Dog Circles Right - Forward – AKC Video: <https://www.youtube.com/watch?v=SHKb22-uZol>

Turn left as your dog is going around you so you.

ENJOY & AND STAY SAFE!!!
