

The contents of this USB drive are for your own personal use. Copying the contents of this drive to share it with friends is piracy and is against the law.

Remember to eject safely by back-clicking on Flash Drive and clicking “eject”.

How to Play

Open the video file 2017RallyMasterSigns.mov by double-clicking it. For best results, download and use one of the recommended video player software options below.

Recommended Player : iTunes Movie Player

Download iTunes for your computer by clicking this link:

<https://www.apple.com/itunes/download/>

In case iTunes doesn't work for you, we have also tested this video using these other players

- Windows Media Player
- Quicktime Movie Player
- VLC

Using iTunes and Quicktime Movie Player will let you access the chapter bookmarks, which lets you jump quickly between signs. You can also transfer this file to your iOS Device to view on your iPhone/iPad or Apple TV using AirPlay. Just remember, this file is almost 8.0GB in size!

Things to Remember

- Please do not use this flash drive to store other media.
- Please do not delete the video file from this media.
- Always eject the USB drive to prevent device corruption.
- Please keep the flash drive in a cool, dry place after use to prevent physical damage.
- We are not responsible if you lose or corrupt the file because of poor handling of this USB device.

System Requirements

The video should be easily playable on any modern computer (Windows 7/8/10 and Mac OS X+) without the need for any additional software.
